

# Model Railway Show

The Model Railroad Club of Toronto

## Romance of the Rails

Once again the Model Railroad Club of Toronto is hosting its annual shows featuring our miniature version of Eastern Ontario late 1950's railroading. Your visit will be an excellent opportunity to view our 3,200 sq. ft. O-Scale model railway nearing completion. More scenery has been completed including addition of new bridges, industrial scenes, super-detailing and refinements to the signal system. Our digital control system has been updated allowing more trains to operate over the entire mainline and in the yards. There's lots to see and all proceeds go into the reconstruction. **Great family fun for all ages at Canada's premier O-Scale club!**

**Great family fun!**

The Central Ontario Railway, a world in miniature, depicts Canadian railroading in the late 1950's during the transition from steam to diesel locomotives. It is an "O" Scale (1/4"= 1 ft.) model railroad located in a 103' by 32' room with trains traveling over 4,000 feet of track, connecting two major cities, each with full yard and engine facilities. Canadian National and Canadian Pacific trains appear regularly on the Central Ontario Railway.

Come and spend an afternoon with us and see one of Canada's largest model railways under operation. *Enjoy the fun of model railroading.*
